3. The negative growth of (-) 49.8% in the General Index for the month of November, 2018 which stood at 84.4 as against 168.1 in November, 2017 is due to the sharp fall in power generation from 76 MU in November 2017 to 35 MU in November 2018 as power generation in Manipur is mainly through hydro power plants.
